

2019 Get Golf Ready Session Schedule \$99 per person

Get Golf Ready is a group instruction program designed to be an overview of the game; How to swing, basic rules & etiquette, and how to transition to playing on the course. It is the perfect program for the new or returning golfer as well as the casual golfer looking for that next level of skill and knowledge.

Students will need to attend all days in a session as each session is not taught identically as it will be adjusted based on the students registered and their current experience and skill levels. Make-up classes will only be offered if weather conditions require that a class be canceled.

All classes will be offered and taught at Brier Creek CC in Raleigh, NC
