

BLAST MOTION CLINIC

A class to help you understand putting metrics and a lesson to help you enhance your putting skills.

SPRING DATES

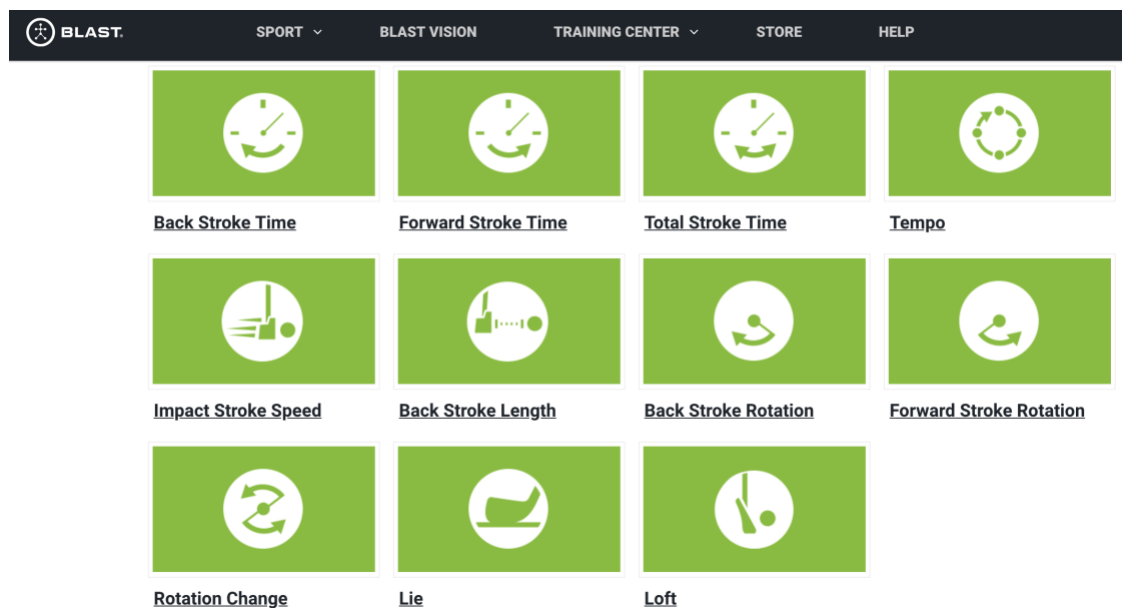

Friday March 22nd @ 5:30pm
Saturday March 30th @ 3:00pm
Friday April 12th @ 5:30pm
Saturday April 13th @ 3:00pm

What is Blast Motion?

Blast Motion Sensor is the tiny sensor that will fit securely on the top of your grip. After a putt the sensor provides data metrics that allows me to measure consistency from putt to putt. The metrics the sensor gives me are below.

The Blast Motion Clinic will include:

- An hour long group class where you will receive
 - An explanation of the metrics and what yours should be
 - A Blast evaluation where we get your metrics
- A 30 min lesson with the instructor to be scheduled by the student. This lesson will be focused on enhancing the students metrics and making the putting stroke more consistent.

Instructor: Nick Zurowski, PGA – Blast Motion Certified
Cost: \$75 per student
Class size: 6 students max

To sign up please go to www.donalernergolf.com, click book a lesson and go to clinics. Choose the Blast Clinic that best fits your personal schedule and register
